UPPER ADAMS BOARD VOTES TO REJECT BIDS

The Upper Adams Joint School Board, meeting Monday evening at the Biglerville High School, voted to recommend to the Biglerville School Authority that it reject all bids for the proposed construction of new elementary schools at Biglerville and Arendtsville.

The board asked the authority to postpone action indefinitely on the planned construction, with suggestions on the length of the postponement ranging from 90 days to one year.

Decision of the school board to make the recommendation to the authority — the official body with the power to act in the matter — came after several weeks of discussion by members of the board.

Costs Too High Now

Cost of the proposed building of elementary schools at Biglerville and Arendtsville would have been 33 1-3 per cent higher than the amount spent to build the Benderville school built two years ago. Both the Arendtsville and Biglerville school plans called for structures similar to the Benderville school. At the same time the "cost of money" — the interest that would have to be paid by the authority for the bonds it would sell to raise the money for the construction — has increased.

The increased costs and the expectation by school board members that the future may hold a lessening in the cost of construction led to the recommendation to reject the bids.

While the authority has the actual decision to make in the matter, because it is the body which sells the bonds and builds the schools, then pays off the bonds with rentals paid by the school system, there is little doubt that the authority will follow the school board's recommendation.

To Carry On For Year

The board decided to permit somewhat crowded conditions in the schools to continue for another year with the hope that lowered costs of construction may be obtained later.

This year the Upper Adams system will graduate 68 students, and next, according to the five-year census made of younger children in the area, it should have an incoming first grade of 140 youngsters.

Space for that many new students can be found in the existing school buildings, the board decided, thus giving it a "breather" period before deciding on school construction.

Panel Discussion, Election For PTA

A panel discussion on planning children's education beyond the public schools and the annual election of officers are the most important items on the program for the April meeting of the Gettysburg Joint District Parent Teacher Association Thursday evening at 8 o'clock in the band room at the high school building.

William C. Darrach will be moderator for the panel discussion which is intended to assist parents in planning the future education of their children. Members of the panel will include Miss Louise Ramer of the high school faculty, Dean W. E. Tilberg of Gettysburg College; Mrs. Maxwell Bucklew, as a parent representative, and John C. Stahle, president of the PTA.

The election of officers will be conducted after a report is presented by a nominating committee of which Mrs. John S. Rice is the chairman.

250 YOUNGSTERS RECEIVE SAFETY TAPE FOR BIKES

An estimated one half of the "rolling stock" owned by the town's younger generation was fitted with reflecting tape Monday evening by the Gettysburg Rotary Club and the Lambda Chi Alpha Fraternity.

Rotary officials, after checking with school authorities, estimated the number of bicycles in the immediate area at 500. "Lite-A-Bike" safety strips were affixed to nearly 200 bicycles. Strips were distributed to another 50 youngsters who did not bring their bicycles with them.

Stresses Safety Rules

Chief of Police Jack Bartlett told the group "you can have a lot of fun with bicycles, but remember, for your own safety, that you must operate by the same laws that govern your father when he drives a car."

"Keep to the right side of the highway, stop when the red light is showing on the traffic signals, make the appropriate hand signals, keep the brakes on your bike in good repair, remember that it takes two hands to guide a bicycle, and that the place for bikes is the highway, not the sidewalk."

More Strips Available

"Give the pedestrian the right of way, watch out for cars, and remember that bicycles are not designed for performing stunts."

Dr. Richard Newsham, chairman of the Rotary committee for the safety program, introduced Chief Bartlett and announced that those youngsters who were unable to be present can obtain the strips at his home on Hanover St., after school hours.

At the Rotary meeting in the YWCA, President Richard Drees presided with 60 members present. Wilbur Plank was introduced as a new member.

LEGION WOMEN TO SELL POPPIES

Final plans were made Monday night by the American Legion Auxiliary at a regular meeting at the Legion Home for the sale of poppies in Gettysburg on May 23, the Saturday preceding Memorial Day. Cub Scouts will assist members of the auxiliary in the sale.

Mrs. Henry Garvin, president, presided at the meeting. The unit voted to purchase two tickets for the Armed Forces Day luncheon to be held at the Hotel Gettysburg May 16, and designated Mrs. Paul L. Spangler and Mrs. Joseph F. Bushey to represent the unit.

Hostesses for May will be Mrs. C. William Zhea and Mrs. Edith Bushman. Those in charge of games will be Mrs. John Diehl and Mrs. Pearl Wiser. In charge of games Monday night were Mrs. C. A. Deitch and Mrs. Henry Dickert.

YOUTH IS SHOT BY .22 RIFLE

Buddy Richard Wagaman, 19, of near Zeigler's Mill, Biglerville R. D., is in the Warner Hospital with a .22 caliber rifle bullet in his left shoulder, the result of an accident near his home shortly after 6 o'clock Monday evening as Wagaman was returning to his home after shooting target nearby.

State police of the Gettysburg substation were notified by the hospital, and said, after investigating the shooting, that Wagaman's gun was discharged when he stumbled over a log on his way home. Police said Wagaman thought that the gun was not loaded.

The bullet, the hospital said, entered the left chest and lodged under the skin back of his left shoulder. No attempt has been made as yet to remove it, the hospital said.

Wagaman was brought to the hospital by a brother-in-law, William Myers, same address, police said. His condition is reported as "good" today.

JURY CONVICTS SWIFTY PALMER IN ASSAULT CASE

Victor "Swiftly" Palmer, York St., was found guilty of assault and battery Monday afternoon by an Adams County jury after deliberating ten minutes.

Palmer had been accused by Thomas George, Chambersburg St. shoe repairman, with striking him on the afternoon of February 14.

George said Palmer had thrown the contents of a beer glass into his doorway and then placed three beer glasses in the hallway. George said he chased Palmer west on Chambersburg St., caught up with him and asked him what he was doing. George said he then went back to his shop, with Palmer following him, that George had gone inside the doorway of his shoe repair shop and had turned to talk to a child when Palmer struck him, knocking him down and breaking his glasses, cutting his face and giving him a black eye.

The prosecutor added that he had not struck back at Palmer "because he could kill me."

Mrs. George Testifies

Mrs. George testified to the beer throwing incident and added she had told her husband of it and he had gone after Palmer.

Earl B. Kuykendall, Seven Stars, said he was in front of the Blue Parrot Tea Room when Palmer came out, and threw the beer in the George hallway. He testified to George "taking Swiftly by the hand at the Adams House" and the return of the two men to George's shop. After being knocked down, said Kuykendall, George reached for a hammer on a table, but then laid the hammer down without attempting to strike.

Palmer said he had "three beers at the Blue Parrot." He said he had no more because "I had been flagged." Coming out of the Blue Parrot, Palmer said, "I reached in my pocket for a match to light a cigar. I have a habit of smoking cigars. And I found someone, as a joke, had put empty beer glasses, ten cent glasses, in my pockets."

"Pushed Him"

Palmer said he planned to walk toward the square, but finding the glasses in his pockets had set them down on George's doorstep before starting east on Chambersburg St. He had reached Chritzman's store when George caught up with him.

John Todt, Littlestown R. 2, was elected president of the Adams County 4-H Dairy Calf Club Monday evening at a meeting of the 40 members held at the Court House. The club voted to hold its monthly meetings in the future at the homes of the members rather than in the Court House and will hold its next session May 18 at the home of Kenneth Nace, Hanover R. 3.

Assistant County Farm Agent Fred H. Attinger introduced Roger Emig, field man for the South-eastern Pennsylvania Artificial Breeding Cooperative, who outlined the work of that organization and the spread of artificial breeding through the U. Plan Town-Wide Committee To Erect Lincoln Statue

A proposal of long standing for the erection of a Lincoln Statue in Gettysburg was revived again at a meeting of the Board of Directors of the Chamber of Commerce Monday night, and the chamber voted to take the initiative in forming a group representative of all the organizations in Gettysburg for further discussion of the proposal.

The question was brought before the chamber directors by its president, N. A. Meligakes, who reported that the Lincoln statue was discussed at a recent luncheon meeting of interested persons at the Hotel Gettysburg. It was decided then, Mr. Meligakes said, that a detailed study of the proposition should be made by a group representing every interest, including churches, clubs, service organizations and others, rather than by a specific group, and that the Chamber of Commerce should take the lead in forming this larger group.

"We should determine, first of all, whether Gettysburg wants a statue of Lincoln," Mr. Meligakes said. "We can best find this out by forming a group representing all walks of life here. Then we can decide what may be done."

Mr. Meligakes and others estimated that such a memorial to the man who made Gettysburg famous through his "Gettysburg Address" might cost as much as \$100,000, the funds to be raised here, and throughout the state and nation.

The secretary was directed to send letters to all organizations, inviting representation on such a body.

"SCENES FROM OPERAS" TO BE GIVEN ON MAY 7

Saint Joseph College Glee Club, assisted by members of Mount St. Mary's College male Glee Club, both of Emmitsburg, will present "Scenes from Operas" under the direction of Sister Marie Marie, head of the Music Department, Thursday, May 7, at 7:30 p.m. in DePaul Auditorium. Miss Thelma Redding, daughter of Mr. and Mrs. Clement Redding, Gettysburg R. 2, is a member of the Glee Club.

Puccini's Italian tragic opera, "Madame Butterfly," Bizet's "Carmen," and Von Flotow's comic opera, "Martha," will be presented in synoptic versions. Between the first two scenes, Maria Doherty and Richard Butler will sing arias and duets from "La Serva Padrona," as intermezzo opera by Pergolesi. Musical accompaniment for these four well known selections will be furnished by an orchestra comprised of members of the Baltimore Recreation Orchestra and the Cathedral.

Strine, 61, suffered a heart attack at his home Sunday night.

35 Freed American POWs Board Hospital Plane For U.S.

TOKYO (AP)—Thirty-five American soldiers, freed from Communist prison camps in Korea last week, boarded a big hospital plane here today and headed eastward across the Pacific toward home.

The plane will land in Honolulu, across the international date line, this afternoon, Hawaiian time. After resting about 24 hours the men will leave for California on the last leg of their homeward flight.

Some Litter Cases

No definite schedule was announced, but the plane probably will land at Travis Air Force Base, 40 miles northeast of San Francisco, early Thursday.

The lucky 35 picked for the first homeward-bound plane were moved shortly after noon from two Tokyo Army hospitals to Haneda Airport, where the big transport was waiting. Some were litter cases.

The Army refused to let newsmen talk with the former prisoners at the airport.

Another 114 Americans freed last week at Panmunjon still are under treatment at Army hospitals in Japan. There has been no announcement when a second plane would leave for the U. S.

GUILD ASKS CC TO PUBLICIZE "DUTCH DAYS"

The assistance of the Chamber of Commerce was sought Monday night by the Adams County Arts and Crafts Guild to help publicize "Pennsylvania Dutch" days to be sponsored in June by the latter organization.

Mrs. A. H. Good, an officer of the guild, appeared before a meeting of the directors of the chamber Monday night to outline what she said were tentative plans for holding two, and possibly three Pennsylvania Dutch days, June 26, 27 and 28. She asked that the chamber sponsor the printing of programs.

N. A. Meligakes, president of the chamber, said numerous inquiries had been received relative to Pennsylvania Dutch Days because of an article in a national magazine. Mrs. Helen Snyder, chamber secretary, said if programs were printed they could be distributed in letters answering these queries.

Extensive Program

This will be the third summer that the Arts and Crafts Guild has sponsored these celebrations, Mrs. Good said. Tentative plans, she added, call for a much more comprehensive program this year, with art and other displays outside the Court House or in the American Legion building in case of rain; and antique show at the Hotel Gettysburg annex; block party and square dancing; "German" bands; demonstrations of apple butter cooking and crowning of an apple butter queen; butter churning demonstration; a puppet

BOARD FAVORS NEW BILL FOR ADOPTION LAW

The Adams County Board of Public Assistance, at a regular meeting in its offices on N. Washington St. Monday night, made a study of pending state legislation, and went on record in favor of a Senate bill creating uniform adoption laws. State Senator Donald P. McPherson Jr. and Assemblyman Francis Worley will be notified of the board's action.

The resignation of Miss Darlene Kennell, Gettysburg R. 5, senior typist in the assistance office for the past three years, was accepted. It will take effect May 1.

Four of the board members, the Rev. A. W. Geigley, Virginia Mills; Mrs. William H. Conover, Gettysburg; Elmer M. Gruver, East Berlin, and S. E. Krichen, McSherrystown, reported on a meeting with state authorities in Harrisburg on April 21, at which the duties and responsibilities of county boards and their members were explained.

Case Load Decreases

Rev. Geigley and Mrs. Verna Myers, executive director, will attend a meeting of county board chairmen and executive directors in Harrisburg Wednesday and Thursday, it was announced.

Mrs. Myers reported a cost load of 912 as of April 27, 47 less than a year ago and five less than one month ago. The case load, she said, is divided as follows: Old Age, 302; blind pensions, 106; aid to dependent children, 324; general assistance, 128, and aid to disabled, 52.

Directors attending the meeting were Rev. Mr. Geigley, Mrs. Conover, Mr. Gruver, Mr. Krichen and Wilbur Bankert, Littlestown. The next meeting will be held at the assistance office on May 20.

Plan To Honor Secretary Of Interior June 6

The Gettysburg Chamber of Commerce will arrange a luncheon here on June 6 for Secretary of the Interior Douglas McKay, who will be in Gettysburg on that date enroute from Washington to Carlisle, where he will be the speaker at the commencement exercises of Dickinson College on June 7.

This was decided at a meeting of the Board of Directors of the chamber Monday night in the chamber's office in the Kadel Building. Vice President Calvin A. Cluck was appointed chairman of a special committee to arrange the testimonial. Mr. McKay heads the department in charge of the battlefield here.

The plans were made following receipt of a letter sent by Herbert M. Gould, Detroit, a personal friend of the interior secretary, who expects to be with him here, to a cousin of Mr. Gould, Miss Margaret McMillan of Gettysburg, Miss McMillan turned the letter and its suggestions over to the Chamber of Commerce.

NEED FUNDS TO PURCHASE MORE TOWN FOLDERS

The Chamber of Commerce is down to its last 5,000 "Gettysburg Folders" and will need several thousand "reprints" in the near future, Mrs. Helen Snyder, secretary, told members of the Board of Directors at a meeting in the chamber's headquarters Monday night.

President N. A. Meligakes appointed Charles B. Bender chairman of a special committee to solicit funds from hotels, tourist homes, cabins, motels and restaurants for the purchase of additional folders. Others on the committee are Eric Larson, Joseph Rosensteel, Harvey White and Leonard H. Heinle.

Mrs. Snyder reported that during April 245 inquiries had been received and answered and approximately 2,000 folders sent out. In the discussion which followed Mr. Bender said it was "vitally necessary that the Chamber of Commerce continue to advertise Gettysburg if we are to continue to attract visitors here."

Losing Some Tourists

He said the opening of the Jersey turnpike and a new bridge to the south had already taken away much business from tourists places along Route 15, and that Gettysburg must fight to retain tourist travel. "Tourists for the south from New England who formerly came through Gettysburg are now driving through New Jersey," he said, "and even many persons going to and from Florida from Western New York are going

FRED WHITE IS FOUND GUILTY IN COURT TODAY

Frederick White, Gettysburg R. 2, was found guilty of surety of the peace this morning following a hearing before the Adams County Court.

The hearing followed a trial on a morals charge, with the court taking up the surety matter after the jury in the morals case had retired to deliberate on its decision. The jury returned a verdict of innocent against White this afternoon. The costs are to be divided equally between White and the prosecutor.

White's "landlord," Edward Trimmer, Gettysburg R. 2, was the prosecutor in the surety case. He told the court that White had put up a clothesline across a space where Trimmer backed his car. Trimmer said he never said anything about the line, but that he took it down three times and put the line under the trailer in which White lived.

Must Post \$500 Bond

When White put up the line again, Trimmer said he "took my little hand hatchet" and cut the line down. Trimmer alleged that when White saw him cutting the line down White came out of the trailer and when he was about ten feet from Trimmer, called to Mrs. White, "Get me a knife—I'll fix the ---". Mrs. White, however, did not get the knife, Trimmer said. White claimed he called for the knife because "if anyone was going to cut up my rope I was going to cut it up myself."

The court found White guilty and directed he pay the costs and post \$500 bond to keep the peace, especially toward Mr. and Mrs. Trimmer.

Mrs. Trimmer brought the morals charge, claiming White performed certain actions near his trailer which were visible from the window at her home. When Attorney John MacPhail, directed by the court to represent White, asked Mrs. Trimmer

SEARCHING FOR PRISONER THAT ELUDED SHERIFF

Police today continued their search for James M. Nell Jr., Gettysburg R. 5, who fled Monday morning when Sheriff Dorsey Schultz went to his home to take him into custody on a process.

Nell was scheduled to appear in court Monday morning to face a morals charge. When he failed to appear a process was issued for his arrest.

Sheriff Schultz drove to Nell's residence, a cabin east of here along the Lincoln Highway, and found Nell working on his car.

Left By Other Door

When told he was under arrest, Nell protested he had not appeared because his case was not to be held until today. When informed that he should have been in court and that he must return to jail with the sheriff, Nell asked permission to change from the grease covered clothing he was wearing. Nell and the sheriff both entered Nell's house. While the sheriff was in the kitchen, Nell went to another room to change clothes and fled through another door, leaped into his car and drove toward York. The sheriff, when he heard Nell's car start and realized that he had left the house and was running away, gave chase in his own auto, but lost the fleeing prisoner.

A general alarm for Nell was placed on the state police teletype, with all officers in the eastern part of the U. S. asked to look for the five foot five, 140 pound fugitive who was wearing a motocyclist's cap and driving a 1938 black Ford sedan with license plate 5256R.

40 VIRGINIANS TO VISIT HERE ON SATURDAY

Members of the Board of Directors of the Gettysburg Chamber of Commerce voted, at a meeting held in the chamber's office Monday night, to entertain a delegation of 40 members of the Virginia Travel Council at a luncheon here Saturday.

"We cannot let these visitors come here unnoticed," N. A. Meligakes, president of the chamber, said. A letter from the Virginia group said the organization would like to meet Gettysburgians interested in the travel and tourist business at a luncheon and would pay not only their own but the expenses of the Gettysburg people attending.

All persons connected with the operation of hotels, restaurants, tourists homes, motels and courts are asked to attend the luncheon, which will be held at 11:30 a.m. at the Hotel Gettysburg. Local people will pay for their own luncheons, it was decided. A tour of the battlefield and points of interest will be arranged for the visitors.

Reciprocal Objectives

The "Good Will" visit has been arranged by the Virginia Travel Council to "promote" Virginia, but the group is also coming here to learn more about Gettysburg, and in a "good neighbor" reciprocal plan proposes to "help sell" Gettysburg to Virginia tourists in return for cooperation, here, according to the letter. Walter Witt, Richmond, Va., will be in charge of the tour, which is expected to arrive here by bus from Hagerstown about 10:30 a.m.

Mrs. Helen Snyder, secretary of the chamber, reported receipt of a letter from the Ford Foundation, in reply to one sent by the Chamber inviting the foundation to establish its proposed Social Relations Study Center in Gettysburg. Bernard Berelson, director of the Behavioral Sciences Division of the Ford Foundation, wrote that the matter would be referred to the new director of the center as soon as one is chosen.

Mrs. Snyder reported that the National Railroad Historical Society will bring 500 persons to Gettysburg Sunday on a special train to tour Gettysburg and the battlefield.

LIONS MAY CLEAR \$2,150 ON SHOW

The Charity Fund of the Gettysburg Lions Club may clear as much as \$2,150 from the annual minstrel show held last week, it was announced Monday evening at a ladies' night meeting of the club at Trinity Evangelical and Reformed Church.

The preliminary report was made by Richard Folkenroth, chairman of the Finance Committee for the show. He estimated that programs, queen contest, refreshments and ticket sales will gross more than \$4,000 and that the club will net about \$2,150 for its Charity Fund.

President John S. Rice presided at the meeting with 176 Lions and ladies in attendance. Program Chairman Eugene Hartman introduced Howard F. Horner, Burlington, N. J., who told the "Story of the Bells." He had several hundred types of bells to display and demonstrate. His talk was punctuated with songs. The first was "Bells of St. Mary's" by Dr. and Mrs. Clarence Bartholomew; "Battle Hymn of the Republic" by Mrs. Robert Deardorff and Paul Grove and then "Jingle Bells" by a group of Lions and ladies, each jangling a different type of bell. A fried chicken dinner was served by ladies of the church.

and demanded he remove the glasses, Palmer said. He added he returned and was stooping over to pick up the glasses in the doorway to George's residence, when George made a threatening motion with his hands, and "I throw up my arm to push him out of the way and pushed him through the doorway to his shop. In fact he hit against the doorway."

Palmer said he then strolled west on Chambersburg St. and stood by a utility pole at the Adams House until "Mr. Shearer (Borough Officer Paul B. Shearer) and Manges (Borough Officer Raymond Menges) came down and said I was under arrest."

Palmer produced two witnesses, Paul Seneca, Washington St., and Mrs. Carrie Forsythe, who said Palmer came out of the Blue Parrot with three glasses, one in his hand and two in his pockets, placed them in George's doorway, and then the two men had had a "fight" in front of the Adams House, Seneca said he had seen blows exchanged "here but said 'it wasn't much of a fight. I don't think either has a good fight in him.'"

Mrs. Forsythe wasn't sure whether they actually exchanged blows. At the shop, both said, George struck Palmer twice before Palmer struck back. They both said George had "grabbed for a screwdriver" after Palmer had hit the shoe repairman.

Smiley Convicted
Palmer was the second defendant to be found guilty of assault and battery Monday afternoon by a county jury. At 3:05 o'clock the jury hearing charge against George P. Smiley, York Springs R. 1, returned a verdict of guilty after 55 minutes deliberation.

Ike's New Security Order Should Protect Government

By JAMES MARLOW

WASHINGTON (AP)—President Eisenhower's new security order should give the government better protection. Time will show whether it also gives the individual government employee better protection.

The Truman administration had two programs: (1) loyalty — to bounce people of questionable loyalty; and (2) security — to weed out security risks: people whose loyalty was not questioned but who might spill secrets.

The loyalty program applied to all government employees. The security program covered only those with big secrets, like the State and Defense Departments and the Atomic Energy Commission.

Two In One Plan

The new Eisenhower move telescopes the loyalty and security programs into one. It covers all government employees, no matter how "insensitive" the agency, where they work, on loyalty and security.

In doing this the administration has made some changes in the way people in both groups are to be handled to make it easier to get rid of people it decides can't be trusted to work for the government.

The best way to understand the new program is to compare it with the old.

The Old Plan

The old loyalty program: A man of questionable loyalty was given a hearing by a board made up of officials from his own agency. If it recommended he be fired, the head of the agency or department could do so. Then the man could appeal to the Loyalty Review Board, men specially appointed by the President. If the board found the man loyal, he kept his job.

At these hearings the accused man was entitled to counsel and to get a copy of the charges against him, in writing. There wasn't one case in 1,000 where this man was told who his accusers were. The government didn't have to tell him. So he got no chance to cross-examine witnesses against him.

The Eisenhower security order: Now every government employee, no matter where he works, can be fired on security grounds. He, too, has no appeal if the agency heads fire him. If suspended while under investigation, he would get a copy of the charges against him. But he wouldn't be allowed to cross-examine any accusers, or even learn who they were.

Under Truman a man considered a security risk in a certain job could be transferred to another, non-sensitive job in the same agency. Or, if he was fired as a security risk in one agency, he

The Eisenhower loyalty program: The Loyalty Review Board goes out of existence in seven months, long enough to clear up pending business. It can't take on new cases. Thus the head of an agency or department now has the last word. A man he fired on loyalty grounds stays fired, with no appeal. He gets a hearing before a board set up by his department head but made up of men from other agencies.

At all stages he's entitled to be represented by counsel and, as under the old program, gets a copy of the charges against him. And, the Eisenhower order says, he "can" be told who his accusers are and can cross-examine them. But since the order doesn't say this "must" be done, it probably won't.

Old Security Program

The top Loyalty Review Board had nothing to do with security risk cases. The man under investigation didn't have to be told the charges against him. He could get a hearing by a board in his own agency and then be fired by his agency head and he had no appeal.

But only 10 government agencies or departments were covered by the Truman security program. In those places which dealt in secrets a man might be considered loyal but a bad security risk if he drank too much, talked too much, or, among other examples, was a homosexual who might be blackmailed into giving secrets.

Under New Order

The Eisenhower security order: Now every government employee, no matter where he works, can be fired on security grounds. He, too, has no appeal if the agency heads fire him. If suspended while under investigation, he would get a copy of the charges against him. But he wouldn't be allowed to cross-examine any accusers, or even learn who they were.

Under Truman a man considered a security risk in a certain job could be transferred to another, non-sensitive job in the same agency. Or, if he was fired as a security risk in one agency, he

might be able to get a job in an agency not handling secrets.

Great Latitude

Under Eisenhower's security order, covering all agencies, a man still could be transferred to a non-sensitive job or get a job in another agency, but under definite limitations.

Now each agency head will decide what jobs are sensitive, what national security is, and what a security risk is. This is pretty great latitude.

It's assumed that anyone fired as a security risk will be a real risk, to national security and will not be fired on some trivial ground thought up by an agency head.

Jersey City Mayor Files Libel Action

JERSEY CITY, N. J. (AP)—A five-million-dollar libel suit has been filed by Mayor John V. Kenny against former Mayor Frank Hague Eggers and a printing company.

The suit, filed here yesterday, charged that Kenny was libeled by statements which said he was lax in fighting proposed fare increases on the Hudson & Manhattan Railroad, which links New York and New Jersey.

These statements, Kenny claimed, were made by Eggers and printed by Walter Scott, of the Scott Printing Co.

Kenny and Eggers are opponents. In the May 12 city commission election.

Norman Shriver; secretary, Miss Mary Flery, and treasurer, Mrs. John D. White. A program was presented by the FFA under the direction of William Baker following the business of the meeting. The final meeting of the year is scheduled for May 27.

COMMERCE BILL REACHES SENATE

HARRISBURG (AP)—Legislation to complete abolishment of the State Commerce Department has reached the Senate.

Primary legislation to end the existence of the department, designed back in 1939 to boost business and industry in the commonwealth, already has passed the upper chamber and is before the House.

The abolishment bill provided no machinery for continuing functions of the department deemed desirable.

Bills introduced yesterday would take care of that situation. One would place all responsibility for development of business, industry and commerce under the Department of Internal Affairs.

Promotion To Highway

Another would give the highways Department the job of promoting and publicizing Pennsylvania's tourist business possibilities.

Of the remaining functions of the Commerce Department, the State Planning Board and the State Aeronautics Commission both would be transferred to Internal Affairs.

Internal Affairs itself, like Commerce, had been recommended for abolishment by the Chesterman State Government Survey Committee. That proposal was rejected by the Senate, however.

The new legislation runs to the other extreme in enlarging the powers of the department.

RICHES
I want to be rich, not as princes and kings.
I want to own friendships wherever I go.
I want to be rich in the knowledge of things.
I want to be able to pay what I owe.

To the friend who's in sorrow, just over the way,
I want to have something of comfort to say.
I want to have faith for my own round of care,
And strength for the task I must face with the day.

I'd like to have courage to do and to dare,
And walk as a man every mile of the way.
I'd like to be one of the wise men and kind
Whose riches are all of the heart and the mind.

Gold doesn't answer the questions which come
When pale grief has taken the loved one away.
In the presence of sorrow the full purse is dumb;
Then is the rich man who knows what to say.

Lord, make me wise, so that men shall rejoice
In the grip of my hand and the sound of my voice.

Today's Talk

By GEORGE MATTHEW ADAMS

THAT RESERVE
There is an old saying that we should not carry all our eggs in one basket. If we do, and catastrophe comes, we are lost or bankrupt! A liberal reserve is one of the most essential things to create, so that at all times there will be something assuring to fall back upon.

It is always important to have something saved and set aside in the bank for emergencies. To keep out self-respect we should plan to be our own savior, not shove that over to others or the Government. We build our own confidence when we count on self service. It is then that we can act independently, solid on our own legs.

It is usually the reserves an army has that finally give the victory! The main army falls back, battered and tired, but the reserves go in, fresh and able, highly determined, and save the day. It's that way with us all as individuals. If we always have something in reserve, we pull through. That's why it is so important not to overwork or overworry. There is nothing left in reserve.

It's that reserve that the athlete always draws upon in a tight race or contest. It's the same with a horse race, too. How often we note the performer in second or third place pull into the front with that reserve that the rider brings out! Our glorious game of baseball is now on. How often we witness some player in a squeeze draw on that reserve of his, electrifying a great crowd into cheers! That reserve is what does it. When illness strikes us it is the reserve we have built up by clean and wholesome living that pulls us through.

We have often heard the expression that "he had something up his sleeve." That is his reserve, something he knew he would count upon in an emergency. It's performance that reserves inspire!

Tomorrow Mr. Adams will talk on the subject: "The Price of Things"

RUSSIA AGAIN ENDORSES PLAN ON PEACE PACT

MOSCOW (AP)—The Soviet government again has endorsed the Communist-sponsored proposal for a peace pact by the "Big Five" powers—the United States, the Soviet Union, Communist China, Britain and France.

The latest Russian nudge or such a peace agreement—which the Soviet Union has urged repeatedly at meetings of the United Nations Assembly—was voiced by Foreign Minister V. M. Molotov in a message sent yesterday to the meeting in Paris of the Soviet-supported "Congress of the Peoples in Defense of Peace."

(There was no immediate comment from the State Department in Washington on the Molotov message. Officials said privately it sounded like standard Russian propaganda. The Western Powers have rejected previous Soviet overtures for a big-power conference to conclude such a peace pact. They contend it promises nothing but fruitless talk unless the Communists first prove their peaceful intentions in such existing bodies as the U. N. Assembly, the U. N. Disarmament Commission and the deputy foreign ministers trying to write an Austrian independence agreement.

5 GOP HOLD FAST AGAINST SALES TAX BILL
HARRISBURG (AP)—At least five Republicans held out firmly today against the sales tax—enough to defeat it should the GOP leadership call up the levy for a vote.

The quintet of lawmakers told a newsman in separate interviews they would vote against the proposal after studying a compromise designed to strengthen the bill's chances.

The renewed opposition came from Reps. Clair H. Peiffer (Northampton), John S. Shotwell (Monroe), Francis Worley (Adams), August Metz Jr. (Pike), and Joseph A. Ide (Northampton). All five have opposed the levy from its start three weeks ago.

The reaction came as Republican House leaders planned an afternoon roll call in a closed session to see how many votes they have for a one per cent sales tax. Their new plan, adopted yesterday, calls for enacting the levy on a temporary basis for the next two years.

May Postpone Action
The Republicans entered the meeting with only 107 active House members—two above the number needed to pass a bill. Several GOP leaders said privately they intend to forget the sales tax for this session if the required 105 votes can't be mustered this week.

The 98 House Democrats are pledged to vote against the sales tax. That means a final floor vote will come only if the Republican leaders feel they have enough strength themselves to squeeze the bill through.

The House amended the tax last night for the third time in three weeks, cutting the rate from two to one per cent and providing that the levy expire on May 31, 1955, unless reenacted.

ELIGIBLE FOR WISE OWL CLUB

NEW YORK (AP)—Ralph Nickey, 17, of Milton, Pa., has become the first high school student to qualify for membership in the Wise Owl Eye Safety Club, it was announced today.

Membership in the club, sponsored by the National Society for the Prevention of Blindness, is limited to those who were wearing eye protection at the time of accidents which might otherwise have caused blindness.

Dr. Franklin M. Foote, executive director of the society, said young Nickey became eligible for club membership March 2 in the machine shop of the Milton High School. A flying tool part struck the boy's safety glasses, which saved him from losing the sight of his right eye, Foote said.

The boy will receive his membership certificate at ceremonies May 4 at 11 a. m. at the high school. James E. O'Neil, director of industrial safety for the society will present a Wise Owl charter to the school.

Wise Owl Club membership is held by more than 4,000 industrial employees in the United States and Canada. There are chapters in many plants, but Milton High is the first school to receive one.

WASHINGTON (AP)—The Air Force has fired its first "silver bullets" in an effort to get what gunfire hasn't bagged in Korea—a live Communist pilot with a flyable MIG15 or other modern Soviet warplane.

In offering rewards to Red pilots who land their planes on Allied airfields, the United Nations Command has come up with a jet-age version of an accepted tactic in the gaudy era of Chinese warlords.

The announced price scale for the first man and aircraft is \$100,000 and for each subsequent pilot and plane, \$50,000. Any rewards will be paid out of an Air Force contingent fund.

Boiler Blast On Carrier Kills 11

GUANTANAMO, Cuba (AP)—A boiler accident aboard the U. S. aircraft carrier Bennington killed 11 American seamen and injured four others, U. S. Navy officials reported last night.

Names of the dead, and injured were withheld pending notification of the next of kin.

The accident occurred while the 27,000-ton Essex class flattop was operating off Guantanamo Bay, one of the Navy's principal bases in the Caribbean Area. The warship later was pulled alongside the base docks.

MURPHY WILL ADVISE CLARK

TOKYO (AP)—Robert Murphy, whose job as ambassador to Japan ends today, says he will remain on as a special political adviser on armistice talks to Gen. Mark Clark, U. N. commander.

Murphy, who arrived a year ago today, made the announcement at a luncheon in his honor at the American Chamber of Commerce in Japan. It was to have been a farewell luncheon.

Murphy was political adviser to President Eisenhower while Eisenhower was military commander in Africa and later Germany.

He said he received a message from Secretary of State John Foster Dulles four days ago asking him to remain in Tokyo and advise the U. N. commander.

Murphy will be replaced as ambassador to Japan by John M. Allison, former assistant secretary of state for the Far East.

Murphy will become assistant secretary of state for United Nations affairs when his position with Clark is terminated.

Major League Teams Take Look At Distant Relatives Today On East-West Tours

By BEN PHLEGAR
AP Sports writer

Today the ball clubs take a look at their distant relatives for the first time this season.

The American League's Eastern teams go west while the National League views the sights in the East. This first interregional play is always particularly important. It shows how the leagues are balanced.

It also gives the rookies their first glimpses of some new parks.

And it gives a better line on whether a club can be depended upon to win away from home, since it is a prolonged trip rather than the short opening jitters to nearby cities.

The Picture Now
Here's the major league picture at the start of the East-West invasions.

The Philadelphia Phillies, riding an eight-game winning streak, lead the National League by a big 2½ games over the second-place Chicago Cubs. Brooklyn, the experts' choice to win the pennant for the second straight season, is third, only one notch over the .500 mark after 11 games. St. Louis and Milwaukee are tied for fourth, followed by New York, Cincinnati and Pittsburgh.

In the American League Cleveland owns a 28 percentage point advantage over the defending champion New York Yankees, although due to a mathematical quirk the Yankees are half a game ahead in the "games behind" column. This is because the Indians have played only nine games to the Yanks' dozen. The dangerous Chicago White Sox are at close third with the St. Louis Browns and Philadelphia Athletics tied for fourth. Boston, Washington and Detroit finish out the standings.

Leaders Are At Home
In both leagues the leaders will be playing at home. The Phillies begin an 11-game stand against the West with the Cardinals coming in tonight for three straight night contests. Milwaukee will stop off for two games, Chicago for four and Cincinnati for two.

The Indians have only seven games against the Eastern American League entries this time around. They start off tonight and tomorrow with the Athletics, rest a day before a two-game series with Washington and then take another day off prior to a single night game with the Yankees.

Other games today in the American League bring Washington to Chicago and Boston to Detroit while the Yankees play tonight in St. Louis.

In the National League all the teams wait until tonight when, in addition to St. Louis at Philadelphia, it will be Milwaukee at New York, Cincinnati at Brooklyn and Chicago at Pittsburgh.

WOODLING AND WYROSTEK SET BATTING PACES

NEW YORK (AP)—Gene Woodling of the New York Yankees is making an early bid for 1953 American League hitting honors.

With the season only two weeks old the 30-year-old outfielder is setting the pace in the junior circuit with a .472 mark. Johnny Wyrostek of the Philadelphia Phils is the current National League batting leader with a .500 average. Figures include Sunday's games.

Woodling has collected 17 hits in 36 trips this season and owns a 46 point advantage over Philadelphia's Dave Philley, who is second in the American League batting list with 426. George Kell of the Boston Red Sox, who won the title in 1949, ranks third at .395.

Al Rosen of Cleveland is fourth with a .393 mark and veteran Pete Suder of the A's holds down fifth with .366.

Others In Top Ten
Rounding out the top 10 are Wayne Terwilliger of Washington, .342; Harvey Kuenn of Detroit and Harry Simpson of Cleveland, .333; Jim Hegan of Cleveland, .320; and Gus Zernial of Philadelphia, .316.

In the National League batting derby, the 33-year-old Wyrostek, who hit only 265 in 1952 with the Cincinnati Reds and Phils, has connected safely 17 times in 34 at bats thus far.

Teammate Connie Ryan of the Phils is runnerup with .390, followed by Young Ed Mathews of the Milwaukee Braves at .385. St. Louis' Red Schoendienst is fourth with .382 and Dick Cole of Pittsburgh fifth with .379.

The remaining leaders include Jackie Robinson of Brooklyn and Richie Ashburn of Philadelphia, .378; Bill Bruton of Milwaukee, .368; Dee Fondy of Chicago, .360; and Earl Torgeson of Philadelphia and Roy Campanella of Brooklyn, .357.

"Not Important" Says Ted Of Red Attack

WITH 1ST MARINE AIR WING, Korea (AP)—Capt. Ted Williams, former Boston Red Sox slugger, belittles his second brush with death in 2½ months in a Marine jet.

"It wasn't important," he said today. The right wing tip of Williams' Panther jet was smashed by Communist flak yesterday while he was flying a mission over Chin-nampo, on the west coast of North Korea. He made a belly landing.

In February his plane was struck by flak.

York Springs Jr. Hi Defeats Fairfield

Four runs in the last half of the second inning gave the York Springs Junior High School baseball team a 5-2 victory over Fairfield Monday at York Springs.

The winners collected five hits while Fairfield secured but three. Score by innings: Fairfield, 1 0 1 0—2; York Springs, 1 4 0 0—3.

Batteries: York Springs, Weidner and Megonnell; Fairfield, Scott and Gingsell.

The student manager of the Helena Mont. High School basketball team didn't have to look up to the tall players on the starting five. They averaged six feet two—but he was six feet three.

Three Favorites In Camden Handicap

CAMDEN, N. J. (AP)—Jan Burke's Squared Away, Mrs. Samuel M. Pistorio's Tuscany, and Winning Way Farms' Sagittarius were favored today to battle for top spot in the \$20,000 added Camden Handicap—opening feature at Garden State Park's spring meeting.

It was a case of take-your-pick among the three favorites before today's six-furlong sprint feature. Squared Away galloped home first in this season's Paumonok Handicap at Jamaica. Tuscany won the Rowe Memorial at Bowie earlier this spring, while two weeks ago, Sagittarius edged the other two horses in the Jamaica Handicap.

Squared Away was listed for 126 pounds, Tuscany 122 and Sagittarius 118.

There will be no racing on Monday during the 25-day spring season.

UNANIMOUS WIN BY LULU PEREZ

BROOKLYN (AP)—Make way in the featherweight top flight for Lulu Perez. He's a real lulu.

Stepping into class company for the first time the Brooklyn 20-year-old proved he has what it takes when he surged from behind to hammer out a unanimous 10-round decision over Corky Gonzales last night.

He decked the sixth ranking featherweight from Denver with snappy rights for a count of nine in the seventh round and for eight in the final round of the Eastern Parkway bout, televised in some areas by DuMont.

Gonzales, who weighed 129 to 126½ for Perez, was cut under the right eye in the fourth round. Perez was cut slightly over the left eye in the tenth.

The votes, all for Perez, were: Referee Barney Felix six rounds to three with one even. Judge Joe Agnello scored it eight to two and Judge Joe Eppy had it six-four. The AP score card favored Perez six-four. A crowd of about 2,500 paid \$4.90.

Suggest Raise In Fishing Licenses

HARRISBURG (AP)—The cost of fishing licenses for residents of Pennsylvania would go up 50 per cent, to \$2.50 a year, if a new House bill becomes law.

The bill raising the fee from the present \$2.00 does not change a 10 cent payment provided for the issuing agent. Reps. Reginald P. Simmel (R-Lehigh) and George C. Shoemaker (R-Schuylkill) introduced the measure last night.

Their bill also would end the free issuing of licenses to persons in the armed forces of the United States.

The Pennsylvania Federation of Sportsmen's Clubs has recommended the higher license fee.

Would Abolish Park Commission

HARRISBURG (AP)—Abolishment of the independent Ft. Washington State Park Commission is called for in a bill before the House today.

Administration of the park, comprising 360 acres in Whitmarsh Township, Montgomery County, would be transferred to the State Department of Forests and Waters under a measure sponsored by five Montgomery County Republican representatives.

The park, an extension of Philadelphia's Fairmount Park along the Wissahickon Creek, takes in the site of historic Ft. Washington. It is one of four state parks now operated by independent commissions.

Introducing the bill in the House yesterday were Reps. William A. Bolton, Thomas H. W. Jones, Raymond C. Kratz, Herman B. Wil-lard and John A. Lafore Jr.

To Seek Mandatory "Stop Fight" Rule

BOSTON (AP)—As a result of the Jimmy Carter-Tommy Collins lightweight title bout, Massachusetts Boxing Commission member Henry Lamar says he'll seek a new rule making it mandatory to stop a fight after a boxer has been knocked down three times in one round.

Collins was floored 10 times—while a national audience watched on TV and listened by radio—before referee Tommy Rawson awarded the bout to champion Carter at 2:28 of the fourth round on a technical knockout.

Mount Divides Twin Bill With Loyola; Has Three More Games This Week

Mt. St. Mary's and Loyola divided a Mason-Dixon Conference double-header baseball affair Monday afternoon at Emmitsburg, the Mountainers winning the opener 5-4 and then bowing in the nightcap 5-1. Ward Clarke, Mount hurler, relieved Jim Campbell in the top half of the seventh inning after Loyola had pushed over three runs and had the tying and winning tallies on base with one out. Clarke promptly fanned the next two batters to save the game.

Five Mt. St. Mary's errors and five bases on balls by George Proferes paved the way for Loyola to take the second game.

The lone tally for the Mount resulted from a homerun by Paul Sharpe in the fourth inning.

The Emmitsburg lads now have a season record of 3-4. They face three additional games this week—Wednesday, Baltimore, away; Thursday, Shippensburg, at home; and Saturday, Gettysburg at Gettysburg.

UN Threatens To Break Off Armistice Talks With Reds

PANMUNJOM (AP)—U. N. negotiators today threatened to break off the renewed Korean armistice talks unless the Communists come up soon with a concrete proposal for exchanging prisoners—last big obstacle to a truce.

Lt. Gen. William K. Harrison said the U. N. Command "does not intend to become involved in protracted and useless arguments." And he warned the Reds that they "should be well aware that we mean what we say."

Official sources in Washington, however, were said to see a glimmer of hope that the Reds may be moving toward a truce despite today's U. N. threat.

Swiss Rejected

The session at Panmunjom was the third since the negotiations were revived Sunday in an effort to decide what to do with prisoners who refuse to go home.

The Allies asked the Reds to

name a neutral state which would assume custody of prisoners unwilling to return to Communist rule, but received no definite answer. The Communists have indicated they might name Red-run Poland or Czechoslovakia, neither of which would be acceptable to the U. N. Command. The Communists rejected Switzerland.

The full five-member delegations met for 39 minutes and will meet again Wednesday at 11 a. m.

They were deadlocked on three main points:

1. The neutral state to handle balking prisoners.
2. The length of time after an armistice necessary for disposal of prisoners.
3. Whether prisoners will be

6 RUNNING FOR JUICY JOB AS TAX COLLECTOR

JOHNSTOWN, Pa. (AP)—Almost anyone would like to be the tax collector in the nearby borough of Franklin. No wonder. The job pays \$55,000 for four years and the work involved is easy.

Bethlehem Steel Co., the second largest steel producer in the nation, has a big plant in Franklin which pays 98 per cent of the borough and school tax.

The tax collector deposits the steel firm's check in the bank and takes his \$10,000 a year cut. Collecting the taxes from the rest of the 275 taxpayers is only a part time job.

The Burgess of the borough—population 1,830—gets only \$20 a month in comparison.

Five men and a woman are

battling for the post in the May 19 primary election, including Burgess Michael Havrileski and former Burgess John Kopler.

The present tax collector is John D. Polyac, and he likes the job and pay, all right, but there is an unwritten law in Franklin that the tax collector doesn't seek reelection.

"One crack at that golden opportunity is enough for anyone," say the voters.

Franklin often is called the richest little borough in the state because it has a \$14,600,000 valuation—most of it steel company property.

REDS ENRAGED AT REFERENCE TO GRID GAME

By FRED HAMPSON
HONG KONG (AP)—It simply drove the Communists wild.

The Canadian bishop wrote years ago in a letter to another priest in China:

"N. D. bit the dust. Purdue took them after five years."

For that, Bishop Buthbert O'Gara of Ottawa spent a week of round-the-clock questioning in a Red China "house of reformation."

Freed, the ailing bishop today told in a hospital how that terse thought sent his captors into a frenzy.

only a university called Notre Dame which was defeated in a game called football by another university called Purdue.

"That's a lie," said the angry questioners.

"All you tell is lies. You had better tell the truth."

"Now — who is this bandit, N. D.?"

Haggled For Week

For a week they haggled to a stalemate—the Communist never was convinced.

Bishop O'Gara was expelled from Red China with Fathers Paul Ubinger, 59, of Pittsburgh and William Westover, 57, of Liberty Center, O.

All said they had been in prison

since June, 1951; had been forced to write numerous "confessions" and each lost 30 or more pounds.

Father Westover said his solitary confinement cell was so infested with fleas he almost went insane.

Drowned Fleas

He said he finally discovered the fleas would cluster on a black cloth in a corner and he could drown them by dousing the cloth in water.

"I had to learn the hard way," he said.

Father Ubinger said he was forced to write a total of 238 single-spaced pages on various subjects of communism and of "confessions."

SIMPSON WILL DROP SECTION OF TRADE BILL

WASHINGTON (AP)—Rep. Richard Simpson (R-Pa.) said Monday he is willing to drop a controversial provision in his reciprocal trade bill which would bar any lowering of tariffs to levels found to imperil American industry.

Simpson's new stand seemed likely to go a long way toward averting a sharp, open clash between President Eisenhower and key House Republicans on the tough issues of tariffs and foreign trade.

The Pennsylvania congressman disclosed his position as the House Ways and Means Committee prepared to open hearings Monday on his bill to extend the Reciprocal Trade Act for one year beyond June 12.

This week's witnesses are from groups which support high protective tariffs. The leadoff witness was O. R. Strackbein, speaking for a committee of industry, agriculture and labor on import-export policy.

The issue, which often stirs a party-splitting fight in Congress, is especially important this year. Many U. S. allies and some administration leaders have been urging a relaxing of tariffs and trade barriers to permit foreign countries to sell more goods here — on the theory of "trade-not aid."

Would Have Taken Rights
Under the present law, the President has power to negotiate new tariffs below levels determined by the Tariff Commission to constitute a danger to American industry.

Further, the President can set aside Tariff Commission recommendations that current import taxes be increased to provide adequate protection for American industry against cheaper competition from foreign goods.

Simpson's bill, as originally introduced, would have taken away both these presidential powers and would have made Tariff Commission "peril point" findings binding and final.

Fears Korean Peace Long Time Coming

UNITED NATIONS, N. Y. (AP)—Saying another farewell to the United Nations he served for seven years as secretary general, Trygve Lie argued on Sunday that negotiated compromises could bring world peace.

There can be no settlement in the Far East, he declared, unless Communist China "is a party to it." Nor can "unconditional surrender" bring real peace in Korea. Lie spoke in a recorded message broadcast over the world in honor of the eighth anniversary of the United Nations' founding in San Francisco.

A Korean armistice, he said, would be a great victory for collective security under the U. N. but "real peace and freedom for Korea... may be a long time in coming."

Suggests Military Training For All

WASHINGTON (AP)—Every American of every race, creed, color or station—with the exception of the physically or mentally handicapped—should undergo basic military training, says Sen. Edward Martin (R-Pa.).

Martin told the Council of the National Guard Association of the United States Saturday that every American should be trained so "we would have a reservoir of manpower so strong and so well trained that no nation would dare attack us."

Martin, one-time president of the association, said that after basic training, a youth "could join the regular service, the civilian components or continue further preparation for technical officer's training."

Film Re-enactment Of Murder Scene

VAN NUYS, Calif. (AP)—A man acted out for police the way he said he beat his wife to death with a croquet mallet and chopped off her hands with a hatchet.

And while he starred in this grisly drama, swinging the mallet again, a police movie camera and sound equipment recorded his actions and words. Neighbor youngsters watched over the fence, like fans inspecting a movie troupe on location.

Richard E. Fredericks, 35, returned Saturday night from Maplewood, N. J., where he was arrested, was taken to his Van Nuys home on Sunday. The camera on a rolling tripod followed him and a tape recorder whirled—recording the first crime re-enactment ever filmed by Los Angeles police.

OPPONENTS TO ADMINISTRATION STAND ON OIL LANDS DEFEATED

WASHINGTON (AP)—Senate opponents of state ownership of offshore submerged lands faced a night-and-day grind, beginning today.

They came back fighting after a 56 to 33 thumping in the first Senate test vote on the issue. Majority Leader Taft of Ohio counter-attacked with arrangements for Senate sessions around the clock, beginning at 11 a. m. today.

After 19 days—and quite a few nights—of Senate debate, the opponents still refused to agree to a date for a final vote.

Taft said this showed "a determination to continue the filibuster."

Arrangements were made to keep a quorum of 49 senators present at all times. Cots were ordered for senatorial catnaps in the cloakrooms.

The test of strength came on a Taft motion late yesterday to "lay on the table," and thereby kill a

federal control substitute by Sen. Anderson (D-NM) to which had been added the "oil for education" amendment of Sen. Hill (D-Ala).

How Parties Split
Thirty-eight Republicans and 18 Democrats voted to kill the Anderson-Hill proposal. Against them were 25 Democrats, 7 Republicans and 1 Independent.

The combined Anderson-Hill substitute would have retained offshore lands under federal control, provided for a system of federal oil leases and dedicated federal revenues to national defense and a system of federal aid to state school systems.

Immediately after the first vote, Sen. Douglas (D-Ill) proposed the first of what he said would be "amendment after amendment" to try to "limit and reduce the possible damage" of the state ownership bill.

Taft said he understood Douglas had 15.

The first Douglas amendment, ending when the Senate quit for the night at 9:55 p. m., called for limiting state ownership to three miles offshore in all cases and for a system of federal administration in the lands of the continental shelf beyond the three-mile limit.

The state-ownership bill would recognize "historic state boundaries," including the claims of Texas and Florida to borders 10½ miles in the Gulf of Mexico.

De Gaulle Party Loses In France

PARIS (AP)—French voters turned their backs on Gen. Charles de Gaulle's Rally of the French People in municipal elections on Sunday. At the same time, the Communists just about held their own in the working class districts of the big cities, but lost votes and control of some town halls in rural areas.

The biggest gainers from the rebuff to the Rally of the French People (RFP) were Independents who had rallied around the name of former Premier Antoine Pinay. During his term of office, Pinay made a determined and well-publicized effort to hold down prices that won him great personal popularity.

Six Killed When Volcano Erupts

TOKYO (AP)—Aso Volcano erupted thunderously Monday, killing at least six of 400 school children peering into its depths.

Some unofficial death estimates ran as high as 10.

One hundred children were reported injured in Aso's first eruption in 20 years.

The youngsters were on an excursion inside the 15-mile-wide great crater of 5,267-foot Mt. Aso on Kyushu, Japan's southernmost island.

They were looking into one of five volcanic peaks inside the gaping crater when it awakened with a smoking roar, blasting rocks wildly into the air. Some were the size of a man's head.

The children fled in terror.

When, in old motion pictures, the spokes of a wheel on a moving vehicle seemed to be standing still or revolving backward, it was the result of coordination of the motion of the spokes with the 24-pictures-a-second speed of the film.

PHILADELPHIA (AP)—A woman was killed near Pottsville in one of a series of auto accidents during a blinding spring rainstorm that swept a large southeastern Pennsylvania area at the height of Sunday evening traffic.

The storm, accompanied by a cold front that dropped temperatures as much as 16 degrees in an hour, swept across most of Schuylkill, Berks, Lehigh, Montgomery and Bucks Counties but diminished in force before reaching Philadelphia.

Held For Murders Of Wife And Son, 4

PHILADELPHIA (AP)—A 41-year-old father was held today on homicide charges in the death of his wife and four-year-old son in a blaze of gunfire that police said climaxed a long family quarrel.

Dominick Cistriano told another son who returned home to discover the tragedy: "I guess I just lost my head."

Mrs. Clara Cistriano, 40, was dead in the bathroom of their South Philadelphia home and their son, Richard, lay critically wounded. He died Sunday midnight in Kenau Hospital.

Told of the deaths, Mrs. Cistriano's father, Howard W. Salmon,

PHILADELPHIA (AP)—Ernest Bayer, brother of the Netherlands consul here, was held today on a charge of homicide in connection with the death of his 84-year-old mother.

Mrs. Julia Bayer, mother of Charles S. Bayer, Jr., the consul, was found in her West Philadelphia walkup apartment under circumstances indicating she may have been brutally beaten. The mother lived with Ernest.

FAINT GLIMMER OF HOPE SEEN IN RED PROPOSALS ON POW SHIFT

WASHINGTON (AP)—A faint, fresh glimmer of hope that the Communists may actually be moving toward a truce in Korea has been seen by officials here in the latest Red proposals for dealing with prisoners of war.

This feeling was not substantially changed by the United Nations threat to suspend the talks once again unless the Communists produce a constructive solution.

In the latest Red proposals, presented to the U. N. Command yesterday, the Communists appeared for the first time to recognize officially that some prisoners held by the U. N. may never be willing to go home to Red China or Korea.

May Be Key To Future
If this interpretation is correct, and if the Reds are willing to act on it, no matter how warily, in further negotiations, it may be a key to the future of the truce talks.

In any event it was regarded here today as good reason for going on with the meetings despite wide differences.

References to the existence or possible existence of POWs in U. N. hands who will never voluntarily accept repatriation appear at least by implication in two sections of the Red proposals.

In one it is suggested that after prisoners who initially refuse repatriation have been turned over to a neutral state all those "who request repatriation" shall be sent home within a period of six months. This implies that the Reds recognize some prisoners will not request repatriation.

38,000 Involved
Again, the Red proposals say that if after the six months period "there are still prisoners of war in the custody of the neutral state," their fate should be decided at a proposed political conference on the future of Korea.

The essence of the POW dead-end is that the U. N. Command insists no prisoners should be forcibly sent home. According to State Department information, about 38,000 prisoners taken from the North Korean and Chinese Red armies have declared that they would resist repatriation. The Reds have been contending all prisoners should be returned.

Would Weed Out Obsolete Measures

HARRISBURG (AP)—A complete study of the laws of Pennsylvania aimed at weeding out obsolete measures is recommended in a resolution before the House today.

Rep. Francis Worley (R-Adams) last night asked the House to authorize the study by the Joint State government Commission—the legislative research arm. Worley's resolution stated that the study is necessary because "there are many obsolete laws upon the statute books of this commonwealth."
